3 Shipping Requirement:

-Shipping line should offer **10** days detention free time at destination port. This should be either mentioned on the BL or we need an e-mail from the shipping line to you confirming 10 days free time.

Shelf life test

Save fruit for shelf life test (2 layers) - hold this in cold storage until shipment arrives-approx 4+ weeks. Pressure test some at arrival, saving rest of fruit until after we have a sure acceptance of fruit. (Ask Matt Wells or Chelsea Van Acker for release on this shelf life test fruit.)
