Tote Sticker Placement

Tote Sticker Example (with font size)

Temperature recorders and seals required on all loads. Go Wireless recorders are required. Receiving pulp temps **33-40** (Aug-Oct 60 degrees). **PLEASE CHECK PULP TEMPS.** Weights must meet or exceed weights printed on package. Pallets must be shrink wrapped or strapped/corner posted from top to bottom. PLU, UPC and GTIN's need to match exactly, Accepted A- if they do not scan. RPCs preferred. Grade XF.

IFCO RPCs are required. If IFCO RPCs are not available please use corrugated cartons. Send NYAS the quantity for Walmart exception approval. Lids are required on corrugate cartons.

USDA Watercore Guide

**BAG NOTES**

UPC must be printed on all bags. up to \$10,000 fine for wrong UPC. Stickers on bags need to be on the back corner. Kwik lok bag closures are required. 2 1/2" min. diameter consistent in size with no more than 1/4" variance. **No PLUs on bagged apples.**

**BULK NOTES**

GTIN omni stack barcoded PLU is required. 95% stickered fruit.

**TOTE NOTES**

No Fuji/Gala/Granny Smith/Honeycrisp/Red Delicious apples in totes. 2 1/4" min to 3" max diameter (limit 3 sizes in a bag). 1 colored sticker is required on the front of the bag with **UPC# & PLU#**. No 1/2 peck notation. 35 cases per pallet. **Add 2 extra empty tote bags to each case.**

Target Wax Coverage: 100% (allowed up to 10% under target)

**Go Wireless Temp Recorder**

**Program Execution**

- Temperature recorders must be accompanied by orange "Temperature Monitoring" placards (inserts) supplied by Emerson to indicate the location of each recorder.
- Place placard with sensor on face of pallet, 2-3 feet down from top, on the right or left side away from chutes discharge area.
- Do not place sensor on trailer wall, and avoid placing sensor facing trailer door on the tail of the trailer.
- Avoid placing sensor horizontally on top of pallet.
- All temperature recorders placed on inbound shipments are **required** to be linked to their corresponding PO# in Emerson's system (see instructions, demonstration and the Emerson Portal at <https://climate.emerson.com>).
